

Governor's Message

We, ourselves and our clubs, need to take up this responsibility for our new generation so that they will grow and flourish like bountiful harvest!

Your Governor,
Gloria K P Chan

Presidential Conference in Kuala Lumpur
吉隆坡國際扶輪社長會議

love know what love is and the circle moves on.

Clubs that support and nourish their Interactors initiate that circle of love. Seeds they sow start to grow into shrubs of trees—the Interactors set up the Bazaar to raise funds for the Chinese Children's Health Fund and to educate young children who took part in the games at the Bazaar through innovative and interesting games.

Rotaractors here are going to play host to some 30 Rotaractors from District 2710, Japan in October. They demonstrate the ideals of cultural exchange and understanding through those activities. They will only be two days in Hong Kong, and that experience will be memorable for these young individuals. I hope Rotarians will volunteer to support and display to our young people what hospitality is all about, by providing home-stays for these visitors for two nights.

Rotarians do this not because it has to be, but because they would like to—only services that come from the heart are meaningful services. It is said that these people are truly blessed because they realize what real happiness is.

Let us also help to train our new generation in their body and mind. Our RYLA (Rotary Youth Leadership Award) programme will adequately do that in January, 2003. We also provide them an avenue to think deeply, express and debate at the Youth Forum on significant issues in the community.

The Opening Dinner of the Polio Eradication Fundraising Workshop 「根絕小兒麻痺等疾病」籌款專題研討會開幕晚宴

31 / 8 / 2002

DG Gloria Chan was invited to be the guest of Past R. I. General Secretary, Director, Polio Eradication Fundraising Campaign Herbert Pigman, the Chairman of the Polio Eradication Fundraising Workshop from USA, and invited by PDG Raymond Wong to give the welcome speech at the Opening Dinner of the above event at Hotel Marriott where 15 delegates from Thailand, Philippines, Taiwan, Singapore, Malaysia, Indonesia, and Pakistan, and 3 from Hong Kong attended the one-day Seminar on August 30, 2002.

Dear Rotarians,

One of the many ways best to describe Rotary movement is bringing ideals into action. That generates hopes for the future. Rotarians have visions of making the world what it should be—the ideals of love and care for mankind, through improving life conditions and eradicating diseases, providing education and supplying basic necessities like water, food and shelter. It brings hope to mankind; and most of all, hope of our successors continue to carry on these actions. That is, of course our New Generation! September is the month for New Generation.

We sow the seeds of love to our new generation first by our very own example of caring and giving. Those who receive

Malaysia Conference Shines Spotlight On Peace And Development

「吉隆坡國際扶輪社長會議」專研和平與發展

Friday to Sunday 9 - 11/8/2002 星期五至星期日

This year's first RI Presidential Conference in Kuala Lumpur, Malaysia, attracted 1,380 Rotarians and guests from 27 countries making it one of Rotary's largest presidential conferences. Held on 9-11 August, the meeting provided an opportunity for Rotarians in Asia and the Pacific Region to promote international peace and development, exchange ideas on topics of regional importance, and establish project partnerships.

playing a more active role in preventing conflicts around the world."

A major focus of the conference was peace and conflict prevention and resolution. Dr Surin Pitsuwan, Thailand's former foreign minister, applauded Rotary's new program to fund World Peace Scholars to study international relations and conflict resolution. "We need more people around the world who are trained in conflict

resolution. We need non-governmental organizations like Rotary to roll up their shirt sleeves and get involved," he said.

Malaysia's former defense minister, Dr. Ahmad Rithauddeen, described a case study of successful conflict resolution between Malaysia and Thailand. Martin Griffiths, chairman of the Henri Dunant Center for Humanitarian Dialogue in Geneva, Switzerland, spoke on the role of mediators in resolving global conflicts. He described Rotary as a "preeminent force for peace" that can promote tolerance and understanding through its global network of leaders and resources.

inspired that they pledged US\$548,000 on-site to fund 11 more peace scholarships.

Other speakers included Past RI President and conference chairman Rajendra K. Saboo, Rotary Foundation Trustees Chairman Glen W. Kinross, Rotary Foundation Trustee Kalyan Banerjee, and Past RI President M.A.T. Caparas.

Rotarians participated in lively discussion groups (conducted in English, Japanese, Korean, Mandarin, and Thai) that focused on such pressing issues as combating poverty, promoting literacy, helping victims of violence, and promoting friendly international relations. They also enjoyed fellowship dinners featuring local entertainment.

A major hub of activity was the Projects Partnering Fair, where Rotarians could find partners for service projects. This successful event resulted in the funding of 20 projects.

One of the conference highlights was the announcement by Indian and Pakistani Rotarians to implement a plan of action to build bridges of understanding between their countries. Rotarians from the two nations embraced warmly on stage and pledged to establish Youth Exchanges, a Group Study Exchange, and inter-country meetings. "There may be tensions between our governments, but this does not extend to Rotarians," said Past District Governor Abu A.M. Mohsin of Pakistan.

Rotary News Basket * 771
14 August 2002

We, the Rotarians gathered at Rotary International President Bhichai Rattakul's First Presidential Conference on Peace and Development in the Asia Pacific Region, Hereby affirm and commit ourselves:

- 1. to actively promote the endeavors of Rotarians at all levels in the arena of Conflict Prevention;*
- 2. to expand the ways Rotarians in Asia-Pacific can work together on Conflict Resolution using the existing programs of Rotary International and The Rotary Foundation, especially Rotary Centers for International Studies;*
- 3. to avail ourselves of our Rotary World Fellowship to enhance people-to-people diplomacy in the promotion of goodwill, world understanding and peace;*
- 4. to increase the funds available for the support of Rotary Centers for International Studies and Rotary Peace Scholarships as well as Peace Research;*
- 5. to further the development of training and educational programs at the local level throughout the Asia-Pacific Region for Conflict Prevention and Conflict Resolution, including organizing conferences and training programs which foster goodwill and promote peace, involving relevant organizations and*
- 6. to use Rotary resources and goodwill for development and the alleviation of injustice, poverty, hunger, sickness, and illiteracy.*

"I believe it is organizations like Rotary that make the greatest contribution to world peace. It is Rotary service that relieves human want and suffering," said RI President Bhichai Rattakul. The RI president also said that the conference's enormous turnout was a testament to Rotarians' commitment to the cause of peace.

"We have created together a new sense of purpose," he said. "We are committed to

Margaret Soo, one of Rotary's first class of 70 World Peace Scholars, spoke on her upcoming program of study at the International Christian University in Tokyo. "Rotary World Peace Scholars are blessed people," she said in thanking Rotarians for their support of this groundbreaking program. "It is hoped that someday, [we] will be able to make a tangible, meaningful impact on achieving improved relations between people by mediating conflict. "Participants were so

Register NOW at The 43rd Annual District Conference

敬請及早登記出席本年度第四十三屆扶輪地區年會

Macau Tower & Convention & Exhibition Centre 澳門旅遊塔會展娛樂中心

Saturday to Sunday **19-20 / 10 / 2002** 星期六至星期日

My Dear Fellow Rotarians,

I have the honour to be invited by DG Gloria to serve as Chairman of the District Conference for the Rotary Year 2002/03. It was given to understand that the Rotary International Legislative Assembly in May 2000 recommended that all District Conference be held in the first part of the respective Rotary Year. Therefore, DG directed that our forthcoming 43rd Annual Conference is to be held from 19 to 20 October, 2002

Once again, may I remind the senior members of the clubs, for whatever reasons you have become inactive, be obliged by your attendance to the District Conference, so as not to become totally detached from the recent affairs of Rotary, and not to deprive your less-experienced fellow Rotarians of sharing your wisdom and knowledge.

As for the less-experienced Rotarians, needless to remind you that, only by your active attendance to the District Conference will your knowledge be broadened and your respect be earned.

I surely need your encouragement and support, while having the confidence that we will give you a good, if not the best, District Conference.

Yours in Rotary,
District Conference Chairman
PP Peter Chow

My Sight, My Words

- From the District Governor Elect

我見我言 - 候任區總監寄語

All these days I have been asked questions like:
"You must be very busy around!"

"Have you already started looking for helpers in your cabinet for your year?"

"Are you ready for it?"

"Please let us know if you need any help."

My fellow Rotarians have been giving me lots of warm supports and encouragements. With these good fellowships and friendships that I have been receiving from them, I can feel that, it is going to be a good and prosperous Rotary year in 2003/2004.

It has been a busy month for all the Rotarians during the month of July. Our new District Governor Gloria has already started her duty beginning from the District Installation at the Hong Kong Convention & Exhibition Centre on 4th July, then followed by many hand-over ceremonies from different clubs between the outgoing presidents and the incoming presidents and their club officers. Within these busy schedules, we

have made a short trip to Ulaanbaatar from 11th to 16th July for an official DG visit to the clubs in Mongolia. There were altogether 15 visitors including DG Gloria Chan, Past RI V/P Gary Huang, AG Luis Lui, DS Peter Wan and spouse, IPP Ebe Tung with 2 family members, Pres. Anson Chan, Pres. Paul Iec and spouse, PE Gwennie Tam, Rtn. Nelson Lo, Rtn. Liu Juei Lin from Taipei and myself. All the first-timers who visited Mongolia had a real good time, as it was right on the "Naadam Festival" for the Mongolian National Day during the week. On the 15th July, we visited the House of the Chancellery of the Governor and were received by the Mayor with honour. DG Gloria delivered her message to the Mayor with the past work reports we have done in Mongolia, jointly by two Rotary Clubs in Mongolia, and also our future plan with them. The Mayor responded nicely and we took a group photo together in his meeting room.

Before lunch we had a private meeting with RC of Ulaanbaatar with the new Club President and

Change of Meeting Time

上海臨時社十月起例會時間

由週四改為週二晚

**The Provisional Rotary Club of Shanghai,
People's Republic of China
From Oct 1, Meets: Tuesday at 6:30pm,
at the Regal International East Asia Hotel,
516 Hengshan Lu, Shanghai**

Please note that the RC Shanghai (provisional) will officially change its meeting time from Thursday to Tuesday evenings with effective from October 1, 2002 (the first meeting of the second quarter of this Rotary year). We will still meet at the same place, and our meetings will still go from 19:00 to 20:30.

President Brinton M. Scott

Tel: +86 (21) 6393-9155

Fax: +86 (21) 6393-9156

Email: BScottesq@hotmail.com

his officers. Then after a joint lunch we had a second private meeting with RC of Khuree. The busy schedule was then followed by three individual interviews with applicants of scholarship from Mongolia and one GSE candidate. After that we went to a joint meeting of two clubs for our DG Gloria's official visit. Although it was a rather busy and tight up schedule, we did manage to make everything possible, even though we had only one full day for Rotary business. Special thanks to our DG Gloria for her leadership and the teamwork from all delegates.

As an observer and part of the team, I have been accompanying DG Gloria to visit clubs in the District officially. We have learned a lot through the cultures from different clubs after these meetings and fellowships around. However, there is a common problem within the district, which is membership retention. This is something very serious for all of us to pay attention and to be concerned. I do hope that all the Rotarians can join hands together to keep our membership strong, to retain old members and to recruit new members. We need new power and blood.

DGE
Jones Wong

District Installation 2002-2003

地區交職典禮 Thursday, 4 / 7 / 2002 星期四
Hong Kong Convention and Exhibition Centre 香港會議展覽中心

The District 3450 Installation 2002-2003 was successfully held on 4th July 2002 (Thursday) at the Grand Hall, Hong Kong Convention and Exhibition Centre, under the theme of "Sow the Seeds of Love".

We had the honour of the presence of Mr Stephen Ip, GBS, JP, Secretary for Economic Development and Labour, as our officiating Guest of Honour and Keynote Speaker. The event was also graced by the presence of over 800 community leaders, guests and Rotarians to show support for the works done by Rotary for the betterment of societies.

We invited District 3830 Philippines together with 50 Club Presidents and President-elects of the District to witness the renewal of Sisterhood District Agreement between the two Districts. They also took this opportunity to look for matched clubs in our District. We got 38 new members inducted in the Installation, with Admiralty and Hong Kong Sunrise winning the Awards in highest number of new members inducted and highest percentage of new members inducted respectively. The performance of Mr Kong Xiang Dong and Ms Samantha Sun, our feature entertainers, was superb. But climax

of the night went to our guest performer, Master Liu Shi Kun, whose captivating piano drama indulged us all into the music world equivalent of wonderland.

Thanks to the outstanding work of the members of our Installation Committee, the proceeding of the night went on smoothly and more importantly, everything was kept well on time.

Indeed it was one of those very memorable evenings of my life. I certainly hope that all those present will echo my feeling as well.

PP Peter S H Wong
Chairman - District Installation Committee
2002-2003

Interact Bazaar 2002 - Change the World With Children

扶輪少年服務團 2002 遊藝會報告
Sunday, 18 / 8 / 2002 星期日 Olympian City Phase II 奧海城二期

The 37th Joint Interact Council and Interact Clubs in Hong Kong host the Joint Interact Bazaar 2002 on 18th August 2002 at the Entrance Atrium, Olympian City Phase II. We were honored to have our DG Gloria to officiate the opening.

More than \$16,000 has been raised which will be donated to UNICEF for the China Children's Health Fund and for community projects organized by the Joint Interact Council.

The bazaar was aimed at enhancing cooperation between Interactors as well as fellowship and goodwill between Rotarians, Rotaractors and Interactors. A heart-felt thank to all of you who chipped in to make this event possible.

IPP Grace Yen
District Interact Committee Chairman

Nearly all the Interact Clubs in Hong Kong participated in the bazaar either by promoting the bazaar to Rotary Clubs, setting up game booths or took part in the performance on the day.

Report on the First Rotary Model United Nations Assembly in Our District

港京扶輪社首辦「仿聯合國模式會議」報告

Thursday to Saturday 8-10 / 8 / 2002 星期四至星期六

Recently, the Rotary Club of Kingspark Hong Kong succeeded in bringing the first model United Nations assembly ('MUNA') to Rotary in Hong Kong. This MUNA was organized by Kingspark jointly with the Rotaract Club of Victoria and the Rotaract Club of the University of Hong Kong. Whilst the organization of the event was a joint effort of the three clubs, Kingspark sponsored all the expenses, including the travelling expenses of the foreign delegates.

The event primarily consisted of a detail briefing session in the evening of 8th August, 2002, two full days of assembly on 9th and 10th August, a formal dinner in the evening of 9th August and a farewell reception after the close of the assembly in the late afternoon of the 10th.

With the help of PDG Moses Cheng, we were able to use the Council Chamber of the University of Hong Kong as the venue for the assembly. The setting of the venue is similar to that of the legislative council chambers with individual microphones and other audio-visual equipments. This close resemblance to an actual legislative assembly chamber contributed partly to the success of our assembly.

There are altogether 84 students who attended the assembly and they all participated in the form of teams of two. Of the 42 teams, 5 came from Interact clubs in our district, 25 from non-Interact related secondary schools in Hong Kong, one from Mongolia, one from the University of Georgia in the USA and 10 from districts in Singapore, Malaysia, Thailand, India, Sri Lanka, Bangladesh and Australia. The fact that we have only 5 teams from our Interactors is perhaps a little disappointing, but the lower than expected level of interest was probably due to their limited knowledge about MUNAs and the many projects carried out by them this summer, including their bazaar on 18th August.

The teams from Georgia and Australia were invited because of their previous experience in attending similar MUNAs in their own countries. The American and Australian delegates turned out to be a great help to the local delegates. They helped in moving the debating process and also in driving up the quality of the debates. The presence of the delegates from the other foreign countries also gave the assembly an international dimension and this has given rise to much compliments from both the local and foreign delegates, including those that have attended MUNAs before.

In this connection, it is perhaps worthy to note that

MUNAs have been organized for many years in Hong Kong by the American international schools jointly with some of the more famous secondary schools. In our MUNA, we deliberately invited many of the not-so-famous secondary schools as well, in order to allow them to also participate in this meaningful event and also to improve the English of their students. In the beginning, as expected, these students were a bit shy, but after participating in some of the debates, they spoke eloquently and with confidence. When we talked about their performance with some of their teachers during the formal dinner on 9th August, the latter were not hesitant in their gratitude to Rotary for giving their students the chance to learn in such a meaningful environment.

Another important characteristic of the assembly is that we engaged a very experienced MUNA person to be the secretary general to chair in the actual proceedings of the assembly. Being the founding chairman of MUNA International in the USA, Anthony Hogan is an expert in MUNA and a person who is committed to the promotion of MUNAs all over the world. His sense of humor and superb teaching abilities brought a lot of life into the assembly. His familiarity with the rules and procedures of the United Nations and his ability to teach them vividly during the briefing he gave on 8th August, and also again when such rules were being applied during the assembly, won a lot of applause from the delegates including those with previous MUNA experience from Australia and Georgia.

Because of this, the whole-hearted participation of the delegates, and the dedication of the organizing committee, the assembly proceeded very smoothly. The list of speakers for a particular debate and amendments to resolutions were constantly updated and shown on a video screen throughout the assembly. The two Rotaractors who assisted Anthony Hogan at the chair's bench did a great job in handling the amendments (as many as 20 in one of the resolutions) and also in incessantly inputting data onto the screen to make it easier for the delegates to understand the status of the debates. On the second day of the assembly, the delegates showed what they learnt by successfully applying the many rules and procedures of a MUNA, including the rules of parliamentary query, suspension and stopping of debates.

Moreover, the delegates participated so actively in their debates that they generated a lot of friendship among themselves even after the first day of assembly. This was shown in the formal dinner on 9th August when they enjoyed the friendship of one another so much that they were reluctant to leave after the dinner. The success of that dinner was, of course, also due to the lively speech given by Dr Allen Lee Pang Fei, the former legislative councillor and the participation of the many experienced Rotarians including PDG Joseph Lee, PDG Anthony Hung, PDG John Wan, DRC PP Robert Kong, DIC Grace Yen, Past DICs Rtn Dominic Ko and PP Vincent Ng.

During the sharing and debriefing session at the close of the assembly, the delegates gave rounds and rounds of applause and standing ovations to Rotary, the organizing committee and Anthony Hogan, the secretary general.

After the assembly, the foreign delegates who have not participated in MUNAs before wanted to start a MUNA back home. The Mongolia delegates even went further in wanting to hold a conference that consists of a day of MUNA and another day of discussion on 'how to develop the talents of the young people in Mongolia'. Both foreign and local delegates with previous MUNA experience considered that our MUNA is better than the ones they attended before, in terms of what they learnt from the secretary general and from the other delegates. The foreign delegates also expressed surprise at the standard of English spoken by the local delegates and also at the warm hospitality they received in Hong Kong. Many of the local delegates asked us how they could join the Interact. Anthony Hogan, who came from a non-Rotary background, asked us what Rotary is and what is it that made us organize such a meaningful event in Hong Kong. He also suggested that we moved on to promote more MUNAs in Hong Kong by training more local secretary generals.

All in all, we believe that, through this MUNA, we sowed the seeds of MUNAs both locally and also in many countries in South East Asia, gave the delegates a very good impression of Rotary, developed many potential Rotaractors and Interactors but, most important of all, we demonstrated and brought home to all the Rotaractors in the organizing committee the Rotary's ideal of service when they, having worked hard to organize the event, tasted the joy of seeing the many smiling faces in the delegates—the joy of experiencing that 'giving is much better than receiving'.

This event was organized through Kingspark as a pilot test in order to see whether it can or should be done in our district. Now that the event is successful, may be it is time to consider whether future MUNAs should be organized on a district level.

We would like to take this opportunity to thank the many Rotarians and Rotaractors, including PDG Joseph Lee, PDG Anthony Hung, PDG John Wan, DRR Ivy Yeung, President Frank Choi of the Rotaract Club of Victoria and his team of Rotaractors from the two Rotaract Clubs for their help, unfailing dedication and hard work which contributed to the success of this MUNA—one that will surely be remembered for a long long time by all the delegates and the aforesaid Rotaractors.

PP Alexander Mak

總監的話

各位社友：

「把理想付諸行動，令人類的前途充滿希望」：是扶輪運動的其中一個最佳說明；扶輪社員帶著博愛與關懷人類的理想，透過消滅疾病、改善生活條件、提供教育及食水、食物、居住等基本生活需要，有魄力去令社會步上正途，為人類帶來希望；而最樂見的是我們的年青新一代後繼有人！九月正是「新一代月」。

我們以身作則，關心捐獻不遺餘力，為年青新一代播撒愛心的種子，目

的是使到被愛者學懂去愛人，讓這博愛圈子能夠不斷擴大。

支持和扶植扶輪少年服務團的扶輪社發起了這個博愛圈；扶少團員籌辦遊藝會來為中國兒童健康基金籌款，透過遊藝會上各項創新好玩的遊戲，教育年輕的下一代；播撒的種子開始綠樹成蔭了！

十月，本地扶輪青年服務團員將會接待30位來自日本2710地區的扶青團員，這項活動充分反映出文化交流和瞭解的理想；這些年輕人只會在港逗留兩天，而兩天的經歷要讓他們永誌不忘；但願各位社友會自願為這批來賓提供兩晚住宿，讓年輕人可以體驗學習好客之道。

扶輪社員為年輕人提供住宿，非因需做而去做，乃是甘心愛做，因為只有發自內心的服務才會自覺有意義；懂得的人有福了，他們掌握到快樂的真諦啊！

再者，我們也訓練年青新一代的身心健康；我們在2003年一月會舉辦「扶輪青年領袖獎勵計劃」；而「青年論壇」會為年青新一代對社會重大問題提供思考、表達意見以至討論的渠道。

請記，我們的社和個人都需要為哺育年青新一代肩負重任，好讓他們茁壯成長，美滿豐收！
